

Rotaract

Rotaract is a Rotary-sponsored service club for young men and women ages 18 to 30. Rotaract clubs are either community or university based, and they're sponsored by a local Rotary club. This makes them true "partners in service" and key members of the family of Rotary.

As one of Rotary's most significant and fastest-growing service programs, with more than 7,000 clubs in about 163 countries and geographical areas, Rotaract has become a worldwide phenomenon.

How does it work?

All Rotaract efforts begin at the local, grassroots level, with members addressing their communities' physical and social needs while promoting international understanding and peace through a framework of friendship and service.

Rotaractors may also

- * Assist in organizing Interact clubs or mentor Interactors
- * Participate in Rotary Youth Leadership Awards
- * Become Rotary Foundation Ambassadorial Scholars or Group Study Exchange team members
- * Seek membership in their local Rotary club

Interact

Interact is Rotary International's service club for young people ages 14 to 18. Interact clubs are sponsored by individual Rotary clubs, which provide support and guidance, but they are self-governing and self-supporting.

Club membership varies greatly. Clubs can be single gender or mixed, large or small. They can draw from the student body of a single school or from two or more schools in the same community.

Each year, Interact clubs complete at least two community service projects, one of which furthers international understanding and goodwill. Through these efforts, Interactors develop a network of friendships with local / overseas clubs and learn the importance of

- * Developing leadership skills and personal integrity
- * Demonstrating helpfulness and respect for others
- * Understanding the value of individual responsibility and hard work
- * Advancing international understanding and goodwill

As one of the most significant and fastest-growing programs of Rotary service, with more than 10,700 clubs in 109 countries and geographical areas, Interact has become a worldwide phenomenon. Almost 200,000 young people are involved in Interact.
